

Merry
Christmas

Hello Friends.

Thank you for walking with us through these uncertain times; you have not only been our cheerleader but our friend. When I had to furlough 10 of our staff for six weeks, you sent encouragement; when we ran low on supplies, you showed up; when we began to get weary, you prayed!

We are now back open at both locations with some modifications. We have kept our Prenatal Care Clinic open, continue to provide parenting classes, and serve moms and dads with supplies for the whole family, reminding them that they were created to not just survive but to thrive.

We need YOU to help us reach our year-end goal of \$65,000!

"And our hope for you [our confident expectation of good for you] is firmly grounded [assured and unshaken], since we know that just as you share as partners in our sufferings, so also you share as partners in our comfort." 2 Corinthians 1:7 (AMP)

Your partnership directly impacts moms, dads, and those caring for children in our communities. We continue to provide all of our services for free and encourage the lives of so many during this season. Changing the course of a family's life with the message of Jesus is our goal, as we show them how He is the only way to a life full of joy, peace, and security.

Thank you for partnering with us as we spread the gospel of Jesus with a "confident expectation" at Hope Unlimited Family Care Center. Please scan the QR code to view our newest Pro-Abundant Life video, then share it with someone. You never know, it might be just what that mom or dad needs to press on.

We can't wait to see what GOD has in store for 2021!

A handwritten signature in black ink that reads "Nicole".
