Baby Bottle Campaign

Save the Date for our annual Baby Bottle Campaign. We will be launching our virtual/in-person campaign on Mother's Day, May 9th thru Father's Day, June 20th. Each year the monies raised through our campaign go to fund all of our programs including our Prenatal clinic. Many people struggle, whether that be financially, emotionally, or spiritually. Our mission here at Hope Unlimited Family Care Center has not changed. We are here to walk life's journey with parents through prenatal care, education, resources, compassion, and the love of Jesus. We cannot do this without the help of our community and churches. For more information or to take part in our Baby Bottle campaign, email Autumn at autumnr@hufcc.org.

Volunteers Needed

Do you have time to give? Do you have a heart for people? Do you enjoy serving in a loving environment? If you answered yes to these questions, we have an opportunity for you. We are in need of volunteers to help in our thrift store, both in Paducah and Metropolis. We need people who can give a few hours per week to serve with us. Our thrift stores in both locations serve our clients and the community. Our store volunteers sort through donations, help customers, but also get to interact with our clients. One of our volunteers said it best, "I am ProLife, but one day I recognized in myself that I wasn't doing anything about it. I gave money, but I knew I needed to do more. So, I came to Hope. I have been humbled by the people we serve, and I just love the people." So, if you are one of those people who would like to do more, please call or email us. We would love to meet with you, give you a tour, and see if Hope Unlimited is the right place for you to serve. Email Stacy at stacyf@hufcc.org.

Positive Progress at HOPE *Love at first sight*

Hope Unlimited has been blessed to be gifted a new ultrasound machine for courtesy and diagnostic ultrasounds! It has better quality imaging, a larger, clearer wall monitor for the patients to see their baby during the ultrasound, and a new, higher-quality printer to have beautiful prints of their little one to take home. PreBorn is the company that has generously partnered with us in providing the machine and emphasizing sharing the gospel with our clients. There is no bigger blessing than being able to share the love of God through an image of life.

Sex. Relationships.
Gender. Dating.
Consent. Pornography.

These are a few topics our Student Development team are tackling on an even broader scale than before. During a pandemic you have to get creative and watch what God will do! The classroom is no longer the only place teens can get a healthy dose of Nick & Keisha! You can also find this dynamic duo under the "Relationship Remix" playlist on our YouTube channel. They provide accurate, scientific information that helps teens navigate the hard stuff while also giving them a safe place to connect and ask questions. Go take a look, subscribe and share!

Director's DESK

2021 has started off with lots of opportunities here at Hope Unlimited. I am excited to update you on how we have been able to continue to love families, encourage the lonely, and see LIFE chosen. Psalm 139 is such a sweet reminder of how much God loves us and shows us how important we are. This is the message we give to our moms and dads: that ALL of us were “fearfully and wonderfully made...your (God’s) works are wonderful.” (vs. 14) When we begin to speak value into the lives of others we see a shift. We get to offer a reason to live and choose life, The Gospel. God is enough and can meet them right where they are. In January alone we saw 16 women at both centers for walk-in pregnancy tests, of which 50% of them were abortion-vulnerable. This means that 50% of the women that came to Hope to see if they were pregnant were one crisis away from choosing abortion. There is much to be done to love these families. I hope this number helps you visualize the need is great, and the opportunities to share the love of Jesus is even greater. We are back open fully, within the required guidelines, serving moms and dads in all of the various classes and programs, taking donations for our thrift stores and clients. We can even go into some of the schools, and for those that we can’t attend in person, we are meeting with them virtually. Connections matter and when a mom, dad, or student feels supported, they feel empowered. Thank you for partnering with us to continue to take families from just surviving to truly thriving.

Nicole Farley
Executive Director

By The Numbers January - December 2020

Moms.....431
Dads.....77
Pregnancy Tests.....158
Courtesy Ultrasounds.....77
Babies Born.....21
Court-Ordered Parenting Students....105
Positive Potential School Students...1370

Despite 2020 being hit hard by COVID, we were still able to serve moms and dads in our community. That just goes to show that God always provides in time of need.

CREATIVE Contributions

Embrace Grace is a bible study available for single, pregnant women in need of support. We have just finished up our 4th class since starting the program 2 years ago. At the beginning of the pregnancy we give each new mom a Love Box which includes a book, journal, onesie, and letter of support. At the end of the class we throw a baby shower for the brave girls that have decided to give life to their babies. That’s where you come in. We need your help purchasing items for their new babies. To find out how you can help, contact Jill at 270-442-1166 or simply email us a request to share our Amazon Embrace Grace Wish List with you at jilld@hufcc.org.

OUR Mission

HOPE UNLIMITED Family Care Center walks life’s journey with parents through prenatal care, education, resources, compassion, and the love of Jesus.

PADUCAH
